APTA LA Fall Meeting Research Presentations Session

The APTA LA will host a Research Presentation section as part of the CEU session on the Friday evening of the upcoming Fall Meeting (August 16-18, 2024). The one-hour Research Presentations Session will consist of four platform presentations, and simultaneous poster presentations. All are encouraged to apply for participation including PTs, PTAs, PT students, and PTA students.

Submissions will be reviewed and accepted by the Research Committee, with assistance from the APTA LA Board as necessary. Platform and poster presentations will be accepted based upon quality of the work, and the desire to provide a diverse selection of presentations. Completed research projects are preferred; however, case reports and proposed studies/theory designs are acceptable.

Any submission that is not used in the presentation for CEU credits will be encouraged to be presented in poster format.
